### **Lifetime Limited Residential Wear Warranty**

The vinyl layer of the floor plank is warranted not to wear through under normal use for the life of the product. Vinyl layer wear through is defined as 100% vinyl layer wear-through that exposes the core material over a minimum of 3% of the total installation. (Gloss reduction or surface scratches are not considered surface wear.) Dull finish can be corrected with spot or overall recoating care systems. If 100% vinyl layer wear-through is determined to have occurred, the manufacturer will arrange a pro-rated credit based on the terms outlined below in the section headed "Terms". This warranty is non-transferable and applies only to the original purchaser.

This 25 year limited and lifetime residential wear warranty is made subject to the following conditions:

1. The floor must be installed properly and according to installation instructions. Proper installation includes, but is not limited to the following:
  - a. a. If glue is used, glue entire floor with glue that meets or exceeds PVAC dispersion with a viscosity of 8000 +/- 1000 cpc spindle 6/20 at 20 degrees centigrade – density of 1.11 +/- 0.02 g/cm on a dry content of 48 +/- 1% (weight). Upon completion of glued

installation, the floor must be allowed to set overnight for 24 hours before resuming normal usage of the room.

2. The flooring must be used only indoors in a dry, climate controlled area. In areas that are not climate controlled or exposed to direct sunshine with temperatures potentially exceeding 160 degrees Fahrenheit, The manufacturer recommends gluing down the floor to prevent possible distortion due to dimensional stability changes.
3. The flooring must be used only indoors.
4. The flooring must be maintained in accordance with the manufacturer's maintenance instructions.
5. This limited warranty does not apply to the manufacturer moldings and trims.
6. Installation of flooring that contains any manufacturing defect is not covered by this limited warranty.

### **Lifetime Limited Structure Warranty**

The floor plank is warranted to be free from manufacturing or material defects for the life of the product. Should a defect occur, the manufacturer will arrange a credit based on the original purchase of the product. Should a problem attributable as a manufacturing defect develop after flooring is installed, the cost of labor for repair will be covered by this warranty. This warranty is not transferable by the purchaser of the floor.

**Lifetime Limited Structure Warranty Coverage:** Upon determination of a valid manufacturing defect, credit will be issued to the dealer and will be good toward the purchase of a replacement. When a defective product is installed, credit applies to material only and does not include labor since it is the responsibility of the installer to determine suitability of material prior to installation. Should a problem attributable to a manufacturing defect develop after flooring is installed, the cost of labor for repair will be covered by the Lifetime Limited Structure Warranty.

### **The Limited Lifetime Residential Wear and Lifetime Limited Structure Warranty do not cover:**

1. Damage due to adhesives or tape, scratches, gouges, scuffs, punctures, cuts, indentations, burns, accidents, lack of proper furniture rests or any intentional misuse of the product. Loss of finish gloss over time is consistent with normal wear & tear and is not a product flaw.
2. It is normal and expected for there to be color variations due to use of natural components, exposure to UV light and/or sunlight, and age of material. Therefore, color inconsistency between samples, replacement product or illustrations and actual product is not a manufacturing flaw.
3. Manufacturer makes no guarantee that its products will match or coordinate with customer furnishings, trim, cabinetry, railings, etc.
4. Noncompliance with installation instructions and maintenance guidelines. Manufacturer cannot assume responsibility for the suitability of flooring material and accompanying products for each individual installation as manufacturer has no control over the installer's proper application. 5. Cracking, warping, soiling, fading, improper maintenance or abuse caused by items such as roller skates, golf shoes or pets.

#### **Lifetime Limited Waterproof Warranty**

The floor plank or tile is warranted to be 100% waterproof and the structural integrity of the floor plank or tile will not be significantly diminished by exposure to moisture for the life of the product. While moisture will not affect the floor's integrity, it is probable that, when excessive moisture accumulates in buildings or on building materials, mold (and/or) mildew growth can occur (particularly if the moisture problem remains undiscovered or unaddressed). The manufacturer moisture warranty excludes damage resulting from mold (and/or) mildew growth due to prolonged exposure to moisture. If the floor plank or tile is structurally impugned, resulting from exposure to moisture, the manufacturer will arrange a pro-rated credit based on the terms outlined below in the section headed "Terms". This warranty is not transferable by the purchaser of the floor.
